Professional Summary

I am looking to continue my career as a Quality Assurance with a company that is innovative and progressive. I'm a highly motivated, hardworking person with a lot to contribute with my solid foundation of coding and design skills. I am hoping to broaden my skills with a company that can help me grow and adapt.

I am detailed oriented and always aim for perfection. I work well in a team environment, and strive to learn as much as I can from those around me.
